"I want to thank you for your Credit Restoration Training/Business Opportunity. I have been in the mortgage industry for 10 years, and I learned more about credit reports and how to analyze them in 3 days at your course then I learned in 10 years working for a bank. It was one of the best investments I have ever made". Thanks again!"

--Erik Kaplan, THD Credit Consulting

"Expanding my mortgage business and becoming a Certified Credit Consultant™ to better serve my clients was the best decision I could have made. Valeri's training program was very thorough and I learned more about this business then ever imaginable."

"Timing couldn't be better for clients to restore their credit today and take advantage of the low interest rates that are available now and in the coming months when conforming loan amounts increase. My clients are saving hundreds of dollars each month with the lower interest rates that are now available to them due to their increased credit scores. I highly recommend Simple Solutions Certified Credit Consultant™ Training Program!"

--Heather Moch, Camarillo, CA (mortgage website) (credit restoration website)

"WOW! What can I say, the three day training class you and your team conducted in November 2007 was awesome. I highly recommend this training program to anyone wanting to become a Credit Consultant. Thanks Valeri and keep up the good work!"

"When I heard about the credit consultant training through Simple Solutions, I knew it was the career opportunity that I had been searching for. I love this work because it offers me everything that I want. I enjoy helping people achieve their goals and enriching their lives by improving their credit. This also allows me the flexibility to be with my family and enjoy my life to the fullest."

--Jaime Hershman, Aurora Consulting, Credit Solutions

"I was directed to Valeri by a mortgage company because of derogatory information on my credit reports. After hearing about what Valeri does, I realized that this would work for me. After going through the restoration process and having 100% derogatory items corrected/removed, I decided that I wanted to become a Certified Credit Consultant™ to help other people in the same manner."

--Richard Sweeten, Aurora Consulting, Credit Solutions

"Making the decision to become a Certified Credit Consultant™ has changed my life in such a positive way. I am able to run a successful business with flexibility that works with my family obligations while earning an income that exceeds working a typical 40-hour a week job. Valeri James is an exceptional trainer, cares a great deal about the Consultants she has trained and works hard to assist the Consultants in succeeding in their business."

--Kara Schumann, New Freedom Credit Consulting Co.

"I believe everything happens for a reason. Becoming a Certified Credit Consultant™ is definitely one of the best things that have ever happened in my life. Here is the short version of my story. In the summer of 06 my boyfriend and I were in dire need of getting our credit repaired. After a few weeks of searching the internet I was getting frustrated because no one was in person, everything was online. I finally went to the yellow pages and found Simple Solutions. I called and spoke to Val and looked on her website. I was impressed. We met with Val and got the process started. During the process I probably drove her crazy with my phone calls of questions. Finally Val told me to take her class to become a Certified Credit Consultant™."

"Timing was perfect. I had been sick for many months and unable to work as a nurse due to my condition. This job was perfect. I was still able to help people but with the flexibility I had to have. Needless to say it has been 8 months and I now have an office because working out of my home was getting to crazy. Financially, I no longer live paycheck to paycheck and also don't work 40 hour weeks. I make my own schedule and love what I do. I feel like this opportunity fell in my lap and I was fortunate enough grab hold. Some good and some bad, everything happens for a reason."

--Jamell Baca, Helping Hands Credit Consulting

"Being a credit consultant has been a great blessing to me and my family, allowing me to set my own hours and to have the freedom to spend with my family. Helping others has always been a goal of mine to achieve. It is with great pride knowing that you get to help each client with their credit and ease their minds about how credit works. It also gives your clients the knowledge to know that they too can gain freedom from their own credit nightmares. This alone brings satisfaction knowing you gave them their confidence to move ahead and gain control of their own credit issues. Thanks again for giving me the opportunity to help others."

--Mary Lou Benevidez, First Premier Credit Consulting

"Thank you for sharing an opportunity to help other people with their credit and for opening up a way to help myself in my own goals".
